FRIDAY, SEPTEMBER 28, 2018

08:30-10:30 Room 1

BVDMFR @ ESHNR: Maxillo-facial Interactive

S. Ng, London/UK, R. Ngu, London/UK
08:30 Differential diagnosis of radioluencies of the jaws
N. Drage, Cardiff/UK
09:15 TMJ pathology. How to interpret?
S. Robinson, Vienna/AT
10:00 Imaging of facial implants/fillers and their complications
P. Richards, London/AT

08:30-09:30 Room 2

ESHNR Short Oral Presentation Session – Otology
R. Kohler, Sion/CH, A. Lo Casto, Palermo/IT
08:30 Delayed intravenous gadolinium-enhanced 3D FLAIR MRI in patients with Menière’s disease: reliability and validity of standard and new diagnostic criteria.
A. Bernaerts, Antwerp/BE
08:38 Providing an accurate surgical map for middle ear cholesteatoma: CT vs Diffusion weighted imaging (DWI) vs Fusion (CT/DWI)
S. Sharma, London/UK
08:46 Endolymphatic hydrops diagnosis at 3T MRI: Inter-observer reproducibility and correlation with the diagnosis of meniere disease.
V. Lenoir, Geneva/CH
08:55 CT morphological comparison of internal auditory canal fundal diverticula in the presence and absence of otopspongiosis
C. Burd, London/UK
09:03 Imaging in large vestibular aqueduct syndrome (LVAS) / Large endolymphatic sac anomaly (LESA): a comparative study of CT and MRL.
P. Touska, London/UK
09:11 Accuracy of 3DIR-MRI in Meniere’s disease.
J. van Steekelenburg, The Hague/NL
09:19 Growth rate and interval to detection of post-surgical residual cholesteatoma on serial diffusion weighted MRI
I. Pai, London/UK
09:27 Discussion

09:30-10:30 Room 2

BVM Medical – Satellite Symposium

Thyroid
A. McQueen, Newcastle/UK
09:30 Video demonstration and evidence base for RF thyroid ablation
S. Morley, London/UK
10:30-11:00 Coffee break

11:00-12:30 Room 1

Salivary gland imaging

A. Trojanowska, Lublin/PL
11:00 Cross-sectional characterisation of salivary masses
R. Boeddinghaus, Perth/AU
11:30 The role of ultrasound and FNA/Core biopsy in salivary pathology: The evidence base?
A. McQueen, Newcastle/UK
12:00 Salivary gland intervention: Selection criteria and procedures
B. Thomas, London/UK

11:00-12:30 Room 2

Thyroid/parathyroid

R. Evans, Wales/UK
11:00 Current imaging in hyperparathyroidism recognizing pitfalls
P. Richards, London/UK
11:30 The micropapillary thyroid carcinoma. How should we manage? What is the evidence?
S. Colley, Birmingham/UK

12:30-13:00 Room 1

NewTom – Satellite Symposium

C. Karaman, Aydin/TR
Introduction lecture
C. Tagliareni, Verona/IT
12:30 CBCT of the temporal bone. Clinical applications
J. Casselman, Bruges/BE
13:00-13:45 Lunch break

13:45-15:00 Room 1

BSHNI @ ESHNR

E. Loney, Darlington/UK
13:45 Introduction
E. Loney, Darlington/UK
14:00 Peter Phelps lecture: Incidental findings in the head and neck. What should I report?
T. Beale, London/UK
14:30 Imaging of auditory implants: A surgical perspective
S. Loyd, Manchester/UK

13:45-15:00 Room 2

ESHNR Short Oral Presentation Session – Miscellaneous/Max Fax
S. Petrovic, Nis/RS, B. Verbist, Leiden/NL
13:45 Use of MRI cine sequences in assessing temporomandibular joint movement
R. Kumar, Hertfordshire/UK
13:54 The role of dynamic study of the swallowing (DSS/VFSS) in the therapeutic approach of neurologic dysphagia integrated with neuroimaging assessment data
L. Perrucci, Ferrara/IT
14:03 Anatomy of facial artery and its importance in facial surgery
J. Polak, Cracow/PL
14:12 The Diagnostic Value of 20 MHz High-Resolution Ultrasonography in Assessing the Temporomandibular Joint Status
L. Lenghel, Cluj Napoca/RO
14:21 Cinematic Rendering in Head and Neck Radiology: A novel 3D Rendering Tool for Computed Tomography, Cone Beam Computed Tomography, and Magnetic Resonance Imaging
S. Winklhofer, Zurich/CH
14:30 Comparison of a new fully automated and semi-automated segmentation technique for “Black Bone” MRI in the assessment of oncological cortical bone destruction
M. Alkhader, Irbid/Jordan
14:39 Usefulness of measuring radiographic density of axis vertebra in patients at risk of osteoporosis: A cone-beam computed tomography study
A. Sarsilmaz, Istanbul/TRY
14:56 Discussion

15:30-16:00 Coffee break
HEAD AND NECK ULTRASOUND: PRACTICAL „HANDS ON“ WORKSHOPS

ESHNR is pleased to announce that we will be running ultrasound workshops during the Annual Meeting.

The workshops will consist of small groups focusing on practical, interactive „hands on“ ultrasound. The courses will cover:
- A review of the relevant head and neck ultrasound anatomy
- How to optimise image quality as well as probe usage (linear, curvilinear, hockey-stick)
- How to systematical examine the head and neck region using „sweeps“ of the neck

Each small group will be guided by an experienced clinician and there will be ample opportunity to discuss the pearls and pitfalls of head and neck ultrasound imaging. There will be a concluding session to consolidate the theoretical knowledge and practical skills.

DATE AND TIME:  
Thursday, September 27, 2018 | 14:00-17:00  
Saturday, September 29, 2018 | 09:30-12:30

PRICE PER WORKSHOP:  
EUR 50
### SATURDAY, SEPTEMBER 29, 2018

**08:15-10:00**  
**Room 1**  
**Sinonasal imaging**  
- A. Borges, Lisbon/PT  
  08:15 The role of imaging in endoscopic sinonasal surgery  
  R. Maroldi, Brescia/IT  
  08:45 FESS a surgical viewpoint  
  S. Gane, London/UK  
  09:15 Carestream Dental – The evolving role of CBCT in sinonasal and central skull base imaging  
  tbc  

**08:00-10:00**  
**Room 2**  
**Refresher Course: Head and Neck Cancer**  
- E. Loney, Darlington/UK  
  08:00 Clinically relevant laryngeal and hypopharyngeal anatomy  
  R. Lingam, London/UK  
  08:30 Laryngeal and hypopharyngeal pathology  
  D. Salvage, Hull/UK  
  09:00 Clinically relevant nasopharyngeal anatomy  
  S. Morley, London/UK  
  09:30 Nasopharyngeal pathology  
  A. King, Hong Kong/HK  

**10:30-11:00**  
Coffee break  

**10:30-13:00**  
**Room 1**  
**Skull base and orbits – Interactive**  
- M. Becker, Geneva/CH  
  10:30 Congenital and developmental imaging of the central skull base  
  R. Harnsberger, Utah/US  
  11:30 Tumours of the skull base  
  A. Borges, Lisbon/PT  
  12:15 Lesions of the orbit: Test yourself  
  M. Mack, Munich/DE  

**10:30-12:45**  
**Room 2**  
**Refresher Course: Sinonasal**  
- J. Olliff, Birmingham/UK  
  10:30 Clinically relevant sinonasal anatomy  
  D. Farina, Brescia/IT  
  11:15 Sinonasal tumours- key review areas  
  R. Maroldi, Brescia/IT  
  12:00 Sinonasal Inflammatory disease: How to structure your report  
  B. Verbist, Leiden/NL
