

## **Environmental Policy**

### **Canon Medical Systems Ltd**

Canon Medical Systems UK Ltd operates under guidelines (including environmental) set out in Corporate Standards of Conduct (CSC) issued by Canon Medical Systems Corporation in Japan. In Keeping with the CSC our aim is to implement and maintain an Environmental Management System (EMS) that meets:

1. Our business needs
2. The requirements of ISO14001

The company will meet all its compliance obligations this will include, preventing pollution, meeting all current UK Environmental Legislation related to its business operations and ensuring it meets future legislation when required.

The company will also on a continual improvement basis reduce its impact on the environment by increasing our environmental performance, by setting measurable environmental improvement objectives aimed at protecting the environment by:

1. Reduction of Carbon footprint (committed to an absolute 38% reduction by 2030 and Net Carbon Zero by 2045)
2. Recycling of waste where possible
3. Promoting the Circular Economy (by refurbishing ex Customer for a second life in healthcare when made available through trade in or buy back)
4. Promoting sustainability in line with our sustainability commitments
5. Promoting Biodiversity in line with corporate objectives (by planting at least 2000 mangroves per year off the Kenyan Coast)

All Staff will be made aware of our:-

1. Corporate Environmental Values
2. Environmental Policy
3. The company's EMS and their responsibilities within it.

Mark Hitchman  
Managing Director
